

ASONAP CONTINUES WAVING THE VISION ZERO FLAG IN COLOMBIA

ASONAP HSE continues to consistently wave the Vision Zero flag with force and energy, through different events such as vision zero days, occupational health and safety conferences, the international innovation congress in OSH and international events where we have shared the Vision Zero strategy. All these events demonstrate the leadership, credibility and convening power that ASONAP HSE has.

1. III Vision Zero Day in Colombia – October 2023

Next October 21 we will celebrate the III Vision Zero Day in Medellín Colombia, where we will gather managers, directors and OSH leaders from leading companies in the country who will present their good practices and challenges in the implementation of the global strategy or some of the 7 Golden Rules of Vision Zero. We will gather 400 people in a high-level auditorium at the facilities of the Empresas Públicas de Medellín.

3. V Convention of Leaders for Leaders – May 2023

<https://youtu.be/vCIEHDtZ4OE>

At the V Convention from Leaders for Leaders on May 18 and 19 in Cartagena, we brought together 200 people including directors, managers, and leaders of leading organizations who shared and exchanged successful processes of cultural transformation, leadership, and safety performance. The objective was to provide a meeting space to transfer knowledge, methodologies, tools and successful strategies in culture, leadership and safety performance processes. They were introduced to the Vision Zero strategy by the President of ASONAP HSE and a T-shirt with Vision Zero information was given to all participants.

In this Convention, the president of ASONAP held a workshop on visible leadership with the elements of the number one rule of Vision Zero. "Take leadership and demonstrate commitment", which was very beneficial for the participants.

4. World OSH Day - April 2023

<https://www.youtube.com/live/3vIJN3arjCY?feature=share>

Asociación Nacional de Profesionales en HSE NIT 900.502.624 – 5
Carrera 21 No. 15-95– Tel: (+57 4) 5791536 – Móvil: +57 3157553667 – 3002692641

Universidad del Norte de Barranquilla and Asonap HSE commemorated the World Day for Safety and Health at Work, with a technical conference that brought together more than 300 people in person and more than 150 people online, where this conference focused on "Leadership to achieve a safe and healthy work environment as a fundamental principle and right at work". The president of ASONAP HSE facilitated the conference: "Rule 1 of Vision Zero. Assume leadership and demonstrate commitment", where attendees showed interest in the Vision Zero strategy.

On this same day, the Board of Directors and associates of ASONAP HSE, the Coordinator of the Specialization in OSH of the Universidad del Norte and the Coordinator

Asociación Nacional de Profesionales en HSE NIT 900.502.624 – 5
Carrera 21 No. 15-95– Tel: (+57 4) 5791536 – Móvil: +57 3157553667 – 3002692641

9. I Vision Zero Day in Colombia – May 2021

<https://youtu.be/QYctTHS4v2Y>

We organized the first Vision Zero Day in Colombia, which was very well received, high attendance, participation of key speakers representing organizations that lead the Vision Zero global strategy and also in a disruptive scenario with screens that made it possible to publicize the Vision Zero content and material. It was really challenging because we were coming out of COVID19.
